• 製品の組み込み手順について • 操作手順 • 操作步驟

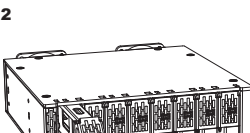

Note: The E1.S SSD installation procedure is identical for both models. The example below uses the MB218E5P-B.

3-1

Press the drive tray ejection button located beneath the tray opening to unlock the drive tray.

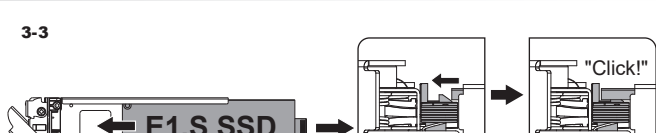

3-2

Grasp the drive tray release handle and pull the tray out of the mobile rack.

E1.S SSD Installation

3-3

Insert the E1.S SSD from the rear of the tray and slide it forward toward the E1.S SSD mounting fastener located at the front. Push the SSD firmly into the fastener until you hear a "click", confirming that the SSD is securely locked in place.

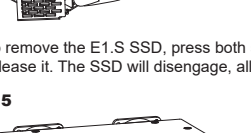

E1.S SSD Removal

3-4

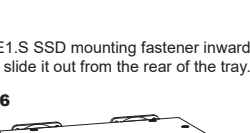

To remove the E1.S SSD, press both sides of the E1.S SSD mounting fastener inward to release it. The SSD will disengage, allowing you to slide it out from the rear of the tray.

Device Installation • Installation eines Gerätes • Installation du dispositif

• Instalación del dispositivo • デバイス取付手順 • 装置安裝步驟 • 设备安裝步驟

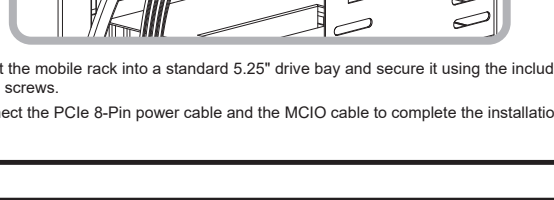

(MB201E5P-B)

1. Insert the mobile rack into a standard 5.25" drive bay and secure it using the included M3*6 screws.

2. Connect the PCIe 8-Pin power cable and the MCIO cable to complete the installation.

(MB218E5P-B)

1. Insert the mobile rack into a standard 5.25" drive bay and secure it using the included M3*6 screws.

2. Connect the EPS-12V power cable and the MCIO cable to complete the installation.

Warning:

- 1. Due to the compact connector spacing, it is recommended to use a pen or screwdriver to help disconnect the cables when needed.
- 2. Do not connect a PCIe 8-Pin power plug to the EPS-12V power port on the MB218E5P-B.
- 3. If your power supply does not have an EPS-12V port to a PCIe 8-Pin power port, then connect the PCIe 8-Pin power plug from the power supply.
