3-1

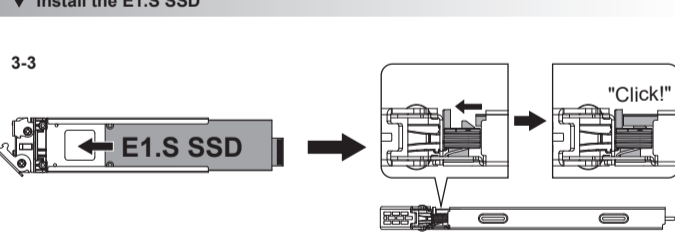

Push the drive tray ejection button to eject the drive tray.

3-2

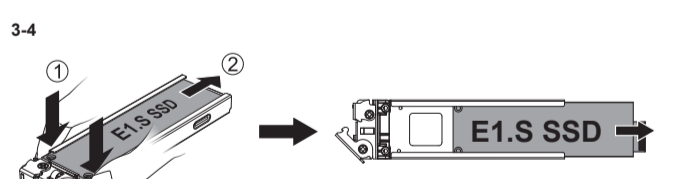

Pull to remove the drive tray.

▼ Install the E1.S SSD

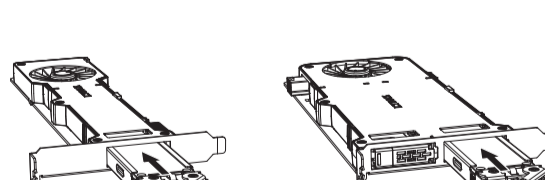

To install the E1.S SSD, slide the SSD horizontally until you hear a distinct "click" sound. This click indicates that the latch has securely engaged with the tray's groove, ensuring that the drive tray is firmly locked in place.

▼ Remove the E1.S SSD

To remove the E1.S SSD, press the latch downwards and once fully depressed, pull out the E1.S SSD.

MB221E5P-B

MB303E5P-B

- 1 Fully connect the device's PCIe golden finger into the system's PCIe slot.
- 2 Use the included #6-32*6 screw to secure the device.
- 3 (optional) Connect the 2 pin header to the system's LED light signal cable to drive the E1.S SSD amber LED indicator
- 4 For the MB303E5P-B model only, ensure to connect the 6-pin power connector from the power supply to the 6-pin power input for sufficient power supply.
