3-1

Push drive tray ejection button to eject the drive tray.

3-2

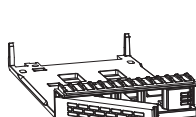

3-3

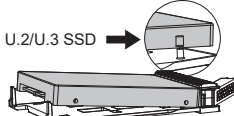

Pull the tray completely out.

3-4

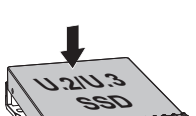

3-5

Press down the front of the drive to align with the built-in screws on the tray. Make sure the screws fit into the drive securely.

3-6

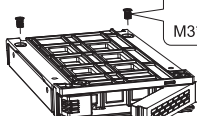

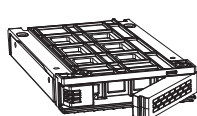

3-7

3-8

① Note : The ExpressTray supports tool-less drive installation. The patented mechanical design inside the enclosure secures the drive once the Express Tray been inserted into the enclosure. Please do not flip the ExpressTray when there's a U.2/U.3 SSD placed on it.

M3*6 Screw

Optional - Two M3*6 screw can be installed on the bottom backside of the tray for extra drive stability.
